Employers subject to both federal and state laws must comply with the more stringent section of the two laws.

State employment of minors laws prohibit work during times that minors are required to be in school, except for students participating in work experience and career exploration programs operated by the school.

Minors under 16 years of age are limited to the maximum hours and time of day restrictions even though they may work for more than one employer during the same day or week.

Minors under 14 years of age are allowed to work in certain occupations (e.g., street trades, agriculture, and work in school lunch programs. See the [Wisconsin Employment of Minors Guide](#) (formerly named ERD-4758-P), for more detail). These minors are subject to the same hourly and time of day restrictions as minors who are 14 or 15 years of age.

Minors under 18 years of age may not work more than 6 consecutive hours without having a 30-minute, duty free meal period.
